AYR BABOL

Babol is a bold, ultra-heavy display typeface bursting with retro personality. Its soft, rounded letterforms take cues from the chunky bubble lettering of 1960s concert posters and psychedelic album covers, then infuse that nostalgic spirit with the bright, playful energy of 90s pop culture. Every character feels oversized, expressive, and full of life.

Available in four versatile weights Regular, Medium, Bold, and Black. Babol can shift effortlessly from playful and approachable to loud and attention-grabbing. A rich collection of OpenType alternates and ligatures gives you plenty of creative freedom, making it easy to craft custom-looking headlines with a hand-drawn feel. And with 937 glyphs to explore, there's no shortage of ways to make your typography feel unique.

The result is a typeface that feels comfortably familiar yet unmistakably fresh. Equal parts vintage groove and modern pop, Babol shines in summer inspired branding, music projects, merchandise, retro packaging, posters, and anywhere you want typography that radiates warmth, fun, and good vibes.
